FrontStreet Canada Acquires Barbados Subsidiary

FrontStreet Canada, LLC today announced that has acquired all of the quotas of Clairmont 9701 Holdings SRL, a Barbados based subsidiary with real property located in Clairmont, Alberta Canada.

Tom Dougherty, Managing Partner for FrontStreet Canada stated: "We are happy to have acquired this company and think that its holdings in Alberta are well positioned to benefit from the continuing development of the massive oil sands projects in the province. We are very optimistic about the long term prospects for real estate in Alberta. In addition, we are impressed with the corporate flexibility and low costs that ownership through a Barbados International Society with Restricted Liability brings. This acquisition demonstrates our commitment to finding solid investments with long-term potential in whatever form we find them."
