FrontStreet Canada Sells Alberta Commercial Property

FrontStreet Canada, LLC today announced that its Barbados based subsidiary, Clairmont 9701 Holdings, SRL has sold its real property located in Clairmont, Alberta.

Tom Dougherty, Managing Partner for FrontStreet Canada stated: "The sale of our Barbados subsidiary's outstanding commercial property in Clairmont is convincing proof of the continued interest in Canadian shale oil development. The strategic position of the property relative to the oilfields to the north was a major factor in allowing the property to be sold quickly and profitably. We are happy that our first investment in Alberta Province worked out so well and look forward to exploring other opportunities there in the future."
